

BD_SW_2B_20 , ON/OFF and PIT 2 button Handlebar Race switches for Yamaha R6 – 2008 onwards - YEC Kit ECU only

This switch is designed for use on the Yamaha R6 with YEC kit wiring and for the left side.

This aluminium assembly has been designed ultra-slim and encompasses a red latching switch for the bike ON/OFF replacing the ignition switch and a yellow momentary switch for the pit speed limit (push and hold)

No modification of the bike wiring is necessary, this kit plugs directly into the existing connectors

This switch does not include the clutch wiring.

Function:

1	Red	Run / Stop	Latching
2	Black	Starter	Momentary

Replaces these switches on the KIT YEC wiring

Main switch

Pit load limiter
