

**BD\_SW\_4B\_07 4 button handlebar race switches  
 KTM RC8 - Nemesis TCS / MODE / LAP**

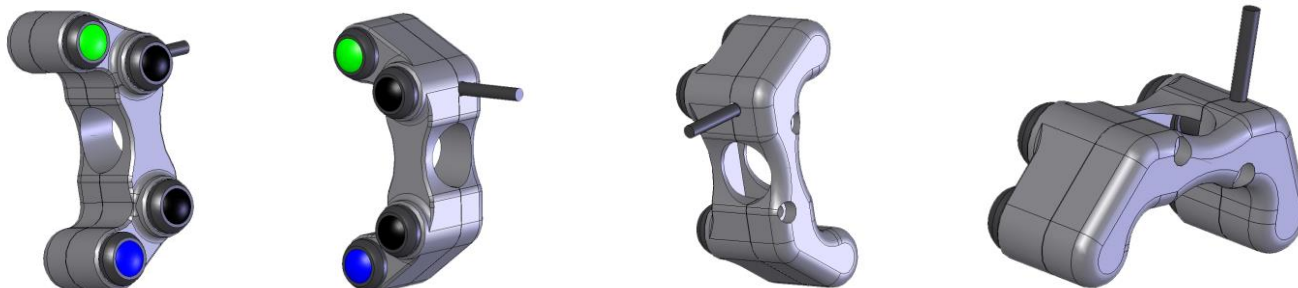

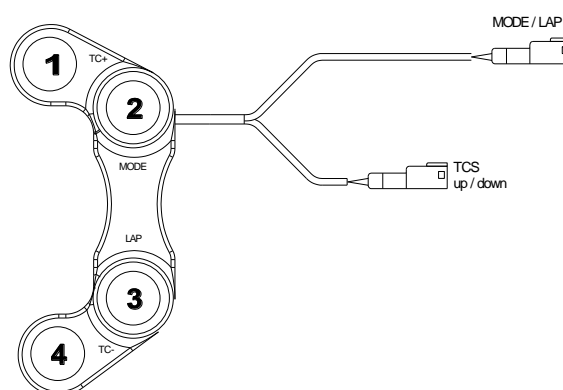

This switch set has been created for users of the Nemesis TCS system fitted to the KTM RC8. The assembly replaces the standard 2 way blue/green switch set as supplied with the TCS system and also provides two integral black buttons for controlling the dashboard Mode functions.

This assembly also has two connectors on flying leads, one to plug into the Nemesis TCS wiring, and one to plug into the standard bike loom for controlling the dash Mode and Lap. No modifications of the Nemesis or the bike wiring are necessary.

**Function:**

1	Green	TC – UP	Momentary
2	Black	Mode	Momentary
3	White	Lap	Momentary
4	Blue	TC – Down	Momentary

**Electrical / Mechanical Characteristics**

Wire..... Type 55 / 24
