

**BD_SW_4B_01 4 button handlebar race switches
 Nemesis TCS**

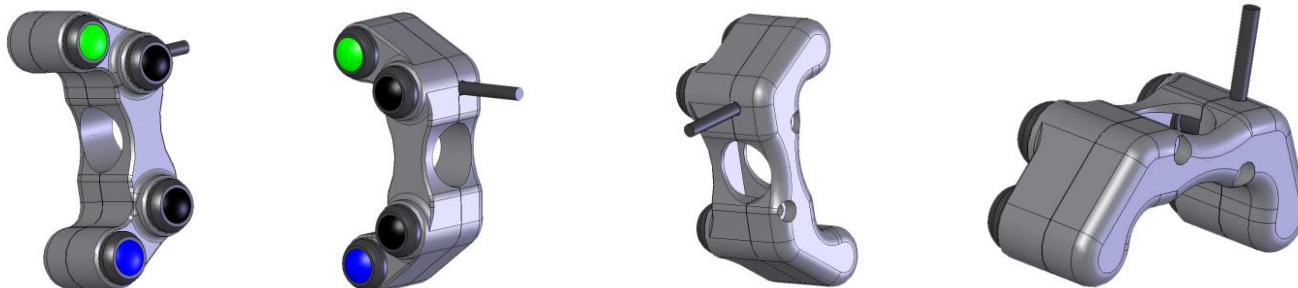

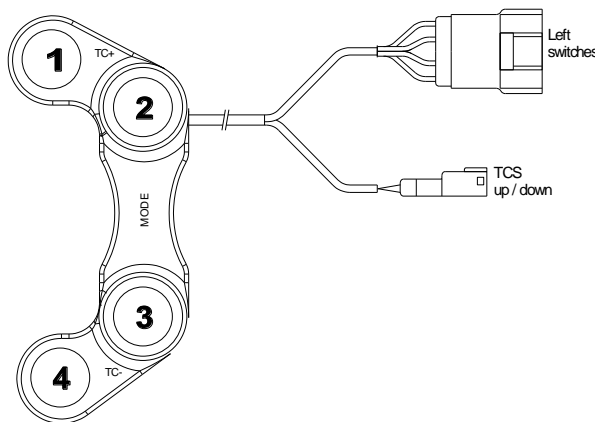

This switch set has been created for users of the Nemesis TCS system on Ducati Superbikes 848/1098/1198 and Desmosedici. The assembly replaces the standard 2 way blue/green switch set as supplied with the TCS system and also provides two integral black buttons for controlling the dashboard Mode functions.

This assembly also has two connectors on flying leads, one to plug into the Nemesis TCS wiring, and one to plug into the standard bike loom for controlling the dash Mode. No modifications of the Nemesis or the bike wiring are necessary.

Function:

1	Green	TC – UP	Momentary
2	Black	Dash Mode – 1	Momentary
3	Black	Dash Mode – 1	Momentary
4	Blue	TC – Down	Momentary

Electrical / Mechanical Characteristics
